

LOST

Missing on Wednesday morning, January 30th. The yellow and white is very friendly. The black and white is very shy and spooked easily. They are both males. Both are declawed on the front and neither of them are used to being outside. These are not outdoor cats but managed to get out unnoticed. If you have seen either or both of them, please call their owner's cell phone at 205-492-4099.
